*****Notes:***

- *Questions regarding application submittal requirements and process can be answered at the Planning and Zoning counter at 630 Garden St. at (805) 564-5578.*
- **It is important that you research the project site prior to submitting an application.**
- *Information such as the 1) Santa Barbara Municipal Code, 2) handouts, 3) guidelines, 4) street and 5) planning files (a.k.a. LDT record archives), 6) parcel and 7) case information, is available online at <http://www.SantaBarbaraCA.gov> under the **Government, Residents** or **Business** tabs at the top of the screen.*
- *When developing your proposal, **ALWAYS** refer to the actual Zoning Ordinance for the most complete and detailed information. As a rule of thumb, we recommend that the following sections in the Zoning Ordinance also be reviewed carefully for additional information: Definitions (S.B.M.C. §28.04), General Provisions (S.B.M.C. §28.87), and the Automobile Parking Requirements (S.B.M.C. §28.90). Additionally, the history of the property needs to be researched; this includes reviewing the archive plans, and street and planning files. Please note that outstanding violations identified in pending enforcement cases and Zoning Information Reports must be addressed either prior to or as part of your application. This will be determined on a case-by-case basis.*
- ***For subdivisions**, confirm General Plan consistency and minimum lot size (including slope density when applicable).*
